Onpointe Alliance LLC

We remain deeply committed to the health and well-being of our community, our guests and associates. In response to this developing public health concern, we have taken certain precautionary measures to help mitigate the spread of the virus by:

- Conducting enhanced cleaning procedures, while increasing the frequency of sanitizing, in-line with recommendations from the CDC.
- Only offering service by appointment only.
- Conducting no-touch temperature checks.
- Adjusting our calendar to appropriately accommodate our clients according to the directives of local and state authorities.
- Implementing thorough hand washing techniques.
- Providing Safety Kits which will prevent cross-contamination of our equipment, being that we work directly with the hands and cannot practice social distancing due to the nature of our services. Safety Kits include, along with conducting a no touch temperature check: Mask, Face Shield, and Sanitation Bins for personal belongings.

We are committed to responsibly responding to the needs of the communities we are privileged to serve. Please take care of yourselves and each other. Contact us directly for more information. (888) 741-7926.

Sincerely,

Arletha Kent
Chief Executive Officer
